

## COMMENT FORM

Please fill out this comment form and drop it into the comment boxes provided.  
Thank you.

- If you could fix three things on SR 167, what and where would these items be?

- How long is your commute time, in minutes?

In the morning (AM) \_\_\_\_\_

In the afternoon (PM) \_\_\_\_\_

- How much of your commute time, in minutes, is spent on SR 167?

In the morning (AM) \_\_\_\_\_

In the afternoon (PM) \_\_\_\_\_

- What is your usual destination when traveling on SR 167? (Such as Seattle, Puyallup, Auburn, Bellevue, Tacoma, etc...)

- Where do you typically get on and off of SR 167?

- What do you think of using HOT Lanes to improve traffic flow?

- Would you pay to use the HOT Lanes as a single occupant vehicle?
  
- Do you currently use the High Occupancy Vehicle (HOV) lanes to commute?

If yes:

- How many people do you typically commute with? \_\_\_\_\_
- Do you notice that the HOV lane is seldom, sometimes, or always congested? What time of the day is it the most congested?

- Is there anything else you would like to add?

---

Thanks again for taking the time to comment!
